¹ Such inclusion (including incorporation by reference) in a contract shall not and cannot contradict or affect the interpretation of this determination, no matter what other provisions of such contract or advertisement may say. If any such other provision shall be held to contradict or affect the interpretation of this determination, this determination shall be null and void, thereby rendering the contract null and void. The Department shall be the sole authority as to the interpretation of this determination.

Failure to comply with this determination shall be a material breach of such contracts. Failure to comply includes but is not limited to both a failure to keep an accurate record of the names, occupation and actual wages paid, which record shall show the various activities and classifications of work undertaken by each individual, each day, and as well a failure to pay appropriately. A failure to present such a verification shall constitute a failure to comply, and shall be the basis for liens by or for all employees and civil and criminal enforcement of the contract and the Prevailing Wage Act. Verifications shall accompany all lien-waivers and other demands for payment. A failure to comply on the part of a contractor followed by contractual payment notwithstanding by a public body, would reveal the determination-stipulation as in fact unenforced by the public body, rendering both determination-stipulation and contract null and void for purposes of the Prevailing Wage Act.

² This electrician classification is subject to a further 3% pension "surcharge" on the hourly rate (including overtime premium). Note that the 3% does not apply to the other hourly fringe rates shown.
